

CLOSING THE GAP IN EARLY LANGUAGE AND LITERACY PREDICTORS

SEEDS of Learning™ is a set of early literacy and language frameworks designed to support childhood educators and other adults in ensuring kindergarten readiness through balanced and high-quality interactions. Our method is based on science, has been rigorously tested and proven to work for all children.

SENSITIVITY

Adults look, listen, and ask questions to become aware of children's needs, thoughts, abilities, and feelings.

ENCOURAGEMENT

Adults use intentional affirmations and positive non-verbal communication to create a shared positive learning environment.

EDUCATION

Adults embed the "Big 5" literacy skills into daily routine.

DEVELOPMENT OF SKILLS THROUGH DOING

Adults help children to explore their world through hands-on learning.

SELF-IMAGE SUPPORT

Adults provide a balance of the previous four elements, which help to support the children's feelings of being lovable, respected, and capable.

Our mission is to ensure
every child is a fluent
