©SEEDS of Learning is a set of early literacy and language frameworks designed to support childhood educators and other adults in ensuring kindergarten readiness through balanced and high-quality interactions. Our method is based on science, has been rigorously tested and proven to work for all children.

SENSITIVITY
Adults look, listen, and ask questions to become aware of children’s needs, thoughts, abilities, and feelings.

ENCOURAGEMENT
Adults use intentional affirmations and positive non-verbal communication to create a shared positive learning environment.

EDUCATION
Adults embed the “Big 5” literacy skills into daily routine.

DEVELOPMENT OF SKILLS THROUGH DOING
Adults help children to explore their world through hands-on learning.

SELF-IMAGE SUPPORT
Adults provide a balance of the previous four elements, which help to support the children’s feelings of being lovable, respected, and capable.

Our mission is to ensure every child is a fluent reader by grade 3

Kindergarten-readiness is linked to becoming literate. The SEEDS of Family Child Care framework is proven to accelerate growth in five predictive literacy indicators. It consists of evidence-based strategies that are rooted in relationships, language, and reading science.

We support the effectiveness of strategies through asset-based coaching and training. We assess what is already working within a provider’s program, assess opportunities for increased impact, and support the implementation and progress monitoring.

**Who is it for?**

- Anyone supporting the growth and development of infants and toddlers

---

**INFANT-TODDLER PROGRAM**

This five-session class supports caregivers with daily interactions with the children in their care.

- Relationship-Based Interactions with Infants and Toddlers
- SEEDS-Quality Interactions
- The SEEDS of Motor Skills and Social-Emotional Development
- The SEEDS of Language Development, Phonological Awareness, and Phonological Memory
- The SEEDS of Visual Discrimination, Early Literacy and Early Numeracy

Who is it for?

- Anyone supporting the growth and development of infants and toddlers

---

**TRAINING**

- Predictors of Early Literacy
- Quality interactions
- Daily embedded and explicit instruction
- Literacy- and Math-Rich Schedule
- Shared positive interactions
- The five behaviors of a SEEDS Quality Teacher

**COACHING**

- Hands-on Implementation
- Coaching & Feedback
