

SEEDS of Learning

For Adults Serving Children Ages 3 to 5

SEEDS of Learning™ is a professional learning framework for adults who care for and teach young children.

SEEDS of Learning uses a unique combination of professional learning sessions, coaching, and professional learning communities (PLCs) to empower adults with the knowledge to develop oral language, emergent literacy, social skills, and self regulation skills in all three- to five-year-olds, setting them up for success in kindergarten and beyond.

Options for Professional Learning

Choose from three flexible options—educator certification course, in-person sessions, and virtual sessions—designed to meet the varying needs of adult learning communities. The options are appropriate for direct services (educators, tutors, caregivers) or lead services (site leaders, coaches).

Educator Kits for participants are purchased separately.

Option 1: Educator Certification Course SEEDS-35CERT-ED \$400 per participant

Asynchronous, self-paced, 7-module course, designed to be completed in 18–22 hours. Participants are encouraged to complete the course over the duration of the school year. Upon completion, participants will be awarded a course badge and be certified as a SEEDS of Learning for 3- to 5-Year-Olds Educator.

Access to the online learning modules is valid for 12 months. Access is granted to the original participant only as a limited license and grants that user a limited, non-exclusive, non-transferable personal license to access the online course and its content for the user's personal, non-commercial use only.

Option 2: In-Person Sessions

CONSULT-In School
