OL&LA IS DESIGNED FOR THE MODERN EDUCATOR

For educators working in **K-6, K-12 Special Education, and Reading Specialists**

Enhanced Professional Learning with AI

Through AI, educators experience hands-on classroom simulations. This helps them quickly improve teaching methods and apply evidence-based practices in their lessons.

Elevating Tools for the Language Diverse Classroom

Transform classroom theory into real-life impact with strategies tailored for linguistically diverse settings. These tools are more than just classroom aids; they're the building blocks of teacher success.

Comprehensive Research-Driven Content

With a meticulously crafted scope and sequence that distills evidence-based research in second-language acquisition and literacy development, educators improve their knowledge and skills so that every student is honored throughout their learning journey.

OL&LA MODULES

Each module is rooted in principles of Structured Literacy, focusing on the practical application of evidence based reading research for students with diverse language backgrounds like multilingual learners, English language variety speakers, and students with dyslexia.

Course Modules
