Collaborative Coach

Asynchronous, Personalized Curriculum-Specific Coaching Support for Teachers, Coaches, or Leaders

STRENGTHENING TEACHER LEARNING FOR STUDENT GROWTH

Collaborative Coach is a personalized, interactive, asynchronous experience that provides 1:1 coaching in a safe and supportive environment.

The intentional coaching cycle is designed to engage and energize, improving teacher practice and student outcomes.

Educators receive direct access to a Collaborative Coach who provides program-specific virtual coaching and feedback through the Learning Portal.

WHO SHOULD REGISTER

Collaborative Coach is for educators seeking coaching support for implementing *Being a Reader* Small-Group Sets 1–6, *Caring School Community*, or *SIPPS* (*Systematic Instruction in Phonological Awareness, Phonics, and Sight Words*).

Collaborative Coach is a powerful professional learning experience that is flexible and affordable.

Fee: \$325 per person for one coaching cycle (10–12 hours of coaching)

To register for a cycle, please visit the events calendar at collaborativeclassroom.org/events

“This is the most powerful professional learning I have participated in throughout my career. This process allowed me to reflect on my own practice and have individual coaching feedback.”

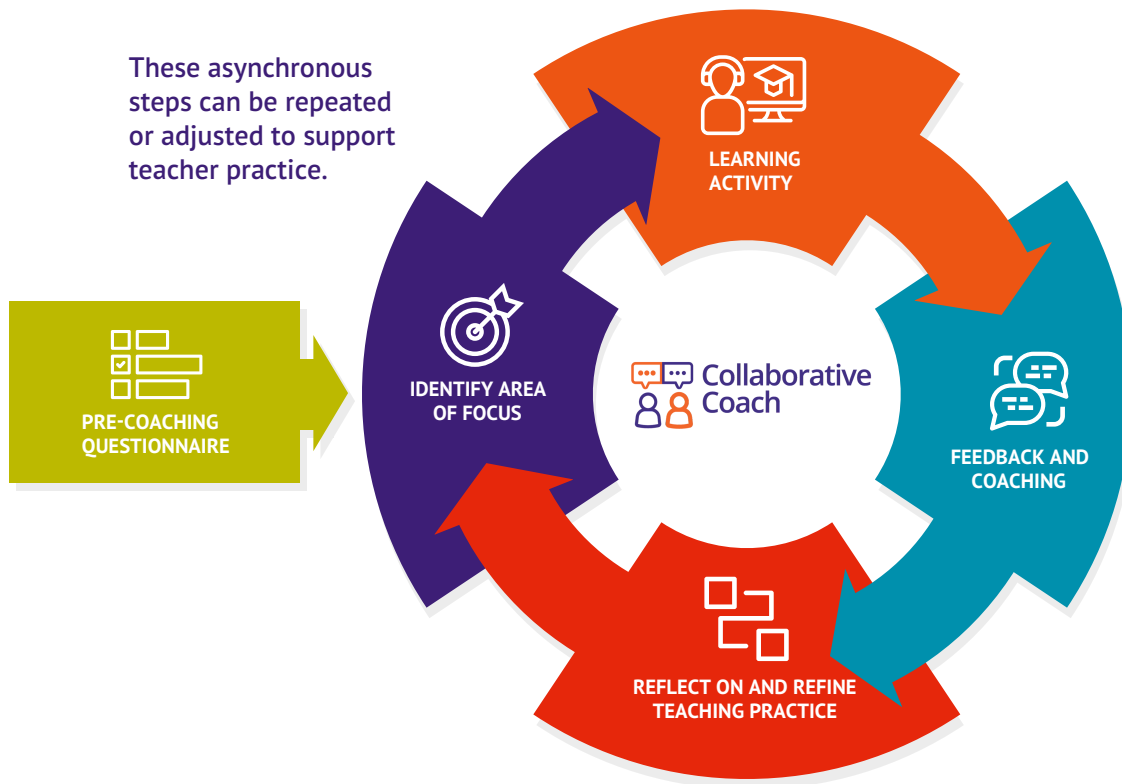

–Kelly S., Interventionist/Title 1, Bethalto School District #8, IL

The Collaborative Coach Cycle of Learning

ALIGNED WITH OUR COMMITMENT TO PROFESSIONAL LEARNING

Providing timely and accurate feedback on a teacher's practice is a powerful lever to improve instruction. Collaborative Coach embodies our commitment to empowering individual teachers to develop their capacity, growing in both their understanding of literacy instruction and their skill as facilitators of student learning.

Through this growth, educators are better able to fully engage with curriculum and plan for and teach lessons that are responsive to students, tied to effective instructional practices, and focused on developing cognitively independent learners.

Collaborative Coach joins our other professional learning resources for implementation, including the Learning Portal, the Professional Learning System for Collaborative Literacy (PLS), and the Teacher Learning System (TLS).

These innovative platforms make powerful learning and 1:1 coaching accessible and affordable.
