Collaborative Leadership Community

Supporting Implementation Leaders and Organization Administrators

The Collaborative Leadership Community (CLC) platform provides critical information and tailored support to implementation leaders and organization administrators.

Accessed via the Learning Portal, the CLC serves leadership and administrative needs by delivering timely and targeted information, resources, and support for strengthening your successful implementation.

WHO SHOULD JOIN

Implementation Leaders (such as an administrator, curriculum director, coach/specialist, or interventionist) and Organization Administrators may join respective communities on the CLC platform.
